

SPECIAL OFFER TO H2Only PREMIUM CUSTOMERS

New state of the art ***SnapLock Twin Filter System*** available to you for only **\$49.00**.

Because you are an **H2Only PREMIUM CUSTOMER** we would like to offer you the opportunity to upgrade your old water filter system to the new ***SnapLock Twin Filtration System***. When our technician visits your home to carry out your scheduled filter change service, he can exchange your old system for the very latest in filtration technology for only \$49.00 plus the standard filter service charge.

The ***SnapLock Twin Filter System*** offers **H2Only PREMIUM DESIGN** features including:

- **Most Compact** under the sink installation available.
- **Unique Quick Change Twist Tap** valve system which automatically turns the water off when replacing the filter cartridges.
- **Sanitary Sealed** – the cartridges are self contained capsules therefore the actual filter cannot be touched by the human hand – the capsule is discarded to the recycle bin at the end of service life.

- Once the system is installed, you can **change your own filters** simply by twisting the filter cartridge to remove it and with an easy push and twist, insert the new cartridge - no need to arrange any more service appointments.
- **Conformity to Australian Standards** – engineers and quality control experts test and retest the designs and materials to guarantee the new ***SnapLock Filter System*** conforms or exceeds to the strict guidelines of Australian Standards.
- **Built in timer strip** to inform you when your filters are due to be changed to ensure maximum water quality at all times.

This system has a recommended retail of \$489 installed and it can be yours for a total of **\$179***, a **saving of \$310** if you order this month. This is a unique offer available only to you as an **H2Only Premium Customer**.

To order, please call H2Only on 9201 1111 to make an appointment for your upgrade installation.

*Please note the total charge for the upgrade installation will be the standard cost of a filter change service plus the additional \$49 for the upgrade offer.

CALL US NOW ON 9201 1111 to have the newest and latest technology **SnapLock Twin Filtration System** installed in your home.
