Providing greener solutions

We are proud of our green credentials and we have gone out of our way to reduce single-use plastic.

That's why we offer reusable bottles and cups, so you can create a greener workspace .

*Hydration in the Workplace Report 2019/20

Helping you stay safe

We realise more than ever that protecting your employees and customers from the spread of germs is paramount.

That's why we provide practical solutions to help keep your dispenser as hygienic as possible. Turn to pages 6-7 to find products specially designed to provide dispenser sanitisation, encourage social distancing, hand and respiratory hygiene.

We ensure the safe handling of our products during production through to delivery so that you can rest easy knowing we're taking every possible precaution.

Our responsibly handled products are manufactured with no human contact in a process audited for hygiene, compliant with the following certifications: ISO9001, ISO140001, OHSAS18001:2007, HACCP, BSCI; contactless delivery.

Dispenser sanitisation

Our Aqua Dosa sanitisation products are specifically formulated for cleaning our water dispensers.

Use regularly throughout the day as part of your hygiene regime to keep your machine germ-free and in great condition in-between scheduled services. Aqua Dosa is tough on germs but kind on surfaces, including BioCote® antimicrobial protected dispensers.

Aqua Dosa disinfectant wipes

Food grade, fragrance-free wipes effective against viruses without the need for water, with quat-free listeria control.

Capacity: 100 wipes pouch

Active ingredient: Byotrol

Quantity: Box of 12 pouches

Kills **99.999%** of bacteria and viruses, and protects surfaces for 24 hours

-  No-touch dispense
-  Easy-to-use
-  Use regularly
-  Dispose after use

Sanitising spray 125ml

Our sanitisation products are specifically formulated to clean your dispenser without causing damage to the BioCote® anti-microbial surface protection. This surface disinfectant is easy to use with no rinsing required and leaves a fresh vanilla scent. The spray is DAFF approved and safe for use in food areas.

Volume: 125ml

Kills **99.999%** of bacteria and viruses, and protects surfaces for 24 hours

-  Easy-to-use spray
-  No need to wipe
-  Leave to dry
-  Use every day

Sanitising spray 750ml

Our sanitisation products are specifically formulated to clean your dispenser without causing damage to the BioCote® anti-microbial surface protection. This surface disinfectant is easy to use with no rinsing required and leaves a fresh vanilla scent. The spray is DAFF approved and safe for use in food areas.

Volume: 750ml

Kills **99.999%** of bacteria and viruses, and protects surfaces for 24 hours

-  Easy-to-use spray
-  No need to wipe
-  Leave to dry
-  Use every day

Hands-free dispensing

Now there's no need to touch buttons, dials or levers. Help reduce cross-contamination in the workplace with our hands-free solutions.

Their intuitive touchless functionality means there's even less opportunity for germs to spread between users. Our qualified technicians simply retro fit your existing dispenser so there's no need to replace or remove your current dispenser.

Accessories

Ensure you get the best from your water dispenser with our carefully selected range of compatible accessories.

Anti-slip absorbing floor mat

The anti-slip floor mat not only prevents accidental water spillage from causing injury, but it also protects the floor from water damage, scratches and dents. Made of non-slip Nitrile rubber and high-twist nylon pile, the mat securely grips a variety of surfaces such as stone, laminate, wood or carpet and holds up to 3 litres of water.

Material: Nitrile rubber and nylon

Dimensions: 600mm x 850mm

Quantity: 1

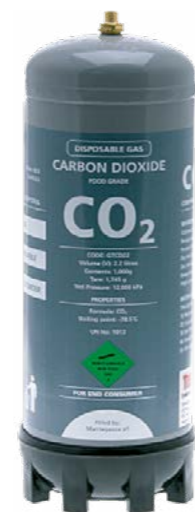

Best seller

CO₂ cylinders

The carbonation is produced by Food Grade CO₂ gas, which is provided in a compact cylinder that fits within the base of the dispenser or underbench.

Volume: 2.2L

Material: food grade CO₂

Replace every 12 months

Cup dispenser

A practical and easy-to-dispense solution for storing cups. Our cup dispensers are fully compatible with our range of freestanding water dispensers and our recyclable, compostable and biodegradable cups and cones. See cups on page 8.

Dimensions: 207ml, 266ml or 354ml

Quantity: 1

Replacement drip tray

Have you lost your drip tray or is it looking past its best? We have a range of antimicrobial protected replacements to fit all our dispensers to not only keep your dispense area dry and hygienically clean, but looking great too.

Material: BioCote® antimicrobial protection

Quantity: 1

Replace every 12 months

PUREZZA™

PREMIUM WATER

Consumables & Accessories

Purezza is an end-to-end sparkling and still water solution, offered exclusively to the hospitality channel. Proudly served in over 12,000 venues worldwide, the Purezza experience combines global expertise with a local touch.

Purezza Glass Bottles

Purezza Petalosa glass bottles add a touch of sophistication to any venue. Our reusable bottles remove the need for single-use plastic bottles, dramatically reducing your environmental impact. The bottles are delivered in boxes of 12 and available in a still and sparkling design.

Volume: 350ml & 750ml

Quantity: box of 12

Material: glass

Features:

Available in still and sparkling

Purezza Bottle Lids

These are designed to slip easily onto Purezza Serving Bottles and are easily replaced if lost or damaged.

Dish Washing Rack

Our handy dishwasher rack allows you to clean 20 bottles at a time and will fit in a standard glass washer. Keeping your bottles clean will maintain the high standard of Purezza premium water.

Bar Runner

This nylon microfibre bar runner is ultra-absorbent for soaking up drink spillage across bar counters. The classy minimalist design complements any serving area. The nitrile rubber backing keeps the mat firmly in place on the countertop. It is fully machine washable.

Wooden Handles

Add a touch of personality to your Purezza system with rustic wooden handles to complement the fit-out of your venue.

Peace of mind hygiene solutions for your every day

Supporting you to provide a safe and hygienic environment that encourages healthy hydration.

Enjoy total peace of mind with our extended range of dispenser sanitisation products plus hands-free solutions and point of dispense reminders to help you prevent the spread of germs in the workplace. If you haven't already checked the range out, turn to pages 6-7.

Extensive choice, outstanding quality and exceptional care

You'll find everything you need under one roof backed by a friendly and responsive Total Care service you can trust.

From cups and bottles you can choose to reuse and single-serve cups that can be responsibly disposed, to hygiene solutions, dispenser accessories and drinking consumables. Our high-quality products have been carefully selected to help you meet sustainability goals and maintain hygiene in the workplace, as well as delivering on all your workplace hydration needs.

Let us take the hassle out of reordering

You asked about hassle-free reordering, and we listened.

Our new subscription service is a cost effective and convenient way of guaranteeing that you never run out of the products you love. Simply set up a subscription on your first order or we can do it for you the next time you place an order.
